

春櫻繽紛 蝶影翩翩

三月天，台灣的國家公園上演著精采戲碼。
度過了蕭瑟冷峭的寒冬，
迎來了和煦迷人的暖春。
先由姿態嬌媚的櫻花展開序幕，
再由風情萬種的蝶，延續這場春之盛宴。

本期封面故事報導主旨為春櫻與蝶影。
看蕩漾著浪漫情懷的櫻花，渲染了山頭。
體會嬌貴櫻花的植栽護育，背後的辛苦。
接著再欣賞成群結隊的紫斑蝶，
羽化成蝶後的遷徙軌跡，
感受學者觀察標記的用心。

櫻花與蝶影交錯，
在夏天到來之前，
台灣國家公園裡的風景，將不會寂寞。

Delightful Sight of Cherry Blossoms and Butterflies in Spring

In March, a spectacular show is waiting for you in Taiwan's national parks.

The warm spring comes after the cold winter leaves, and what greet this spring festival are the enchanting cherry blossoms and the charming butterflies.

In this issue, the cover story is on cherry blossoms and butterflies. Come enjoy the beautiful sight of mountains covered in cherry blossoms, hear the stories of how they are grown, and witness the beautiful *Euploea sylvester* and learn about how researchers study them.

With the view of the cherry blossoms and butterflies, Taiwan's national parks sure would be lively places to visit even before summer arrives.
